

**REPAIRS TO PETROL LOADING TANK NO. TK-31 AND TK-32 AT, MUTHURAJAWELA
TERMINAL.**

TENDER REFERENCE: KPR/60/2024

**MINUTES OF THE PRE-BID MEETING AND THE SITE VISIT HELD AT 09.30 A.M. ON
12.09.2024 AT THE MUTHURAJAWELA TERMINAL OF CEYLON PETROLEUM STORAGE
TERMINALS LIMITED.**

The meeting was chaired by the Mechanical Engineer (Muthurajawela Terminal). The bidders were briefed on the background, scope of work, and specifications of the procurement.

Subsequently, aforementioned bidders were participated in a site visit with CPSTL officials.

The matters discussed and the decisions taken are as follows.

Item	Queries	CPSTL Answers
01	Soft copies of provided drawing.	CPSTL agreed to provide soft copies of drawings in PDF format for all the bidders and arranged by procurement function.
02	Any additional drawing of Internal Floating Roof	CPSTL agreed to provide two additional drawings of the pontoon and seal arrangement for reference. However, in any case, additional drawings should be prepared by contractor in accordance with the tender document's specifications.
03	Segregate parts of IFR	CPSTL already segregated the parts of removed IFR and ready for inspection of bidders
04	Additional site visit	CPSTL agreed to arrange any additional site visits prior to the bid closing date on bidders' request
